Ms. Luisa Paiewonsky, Commissioner  
Massachusetts Highway Department  
10 Park Plaza, Suite 3170  
Boston, MA 02116

Dear Commissioner Paiewonsky:

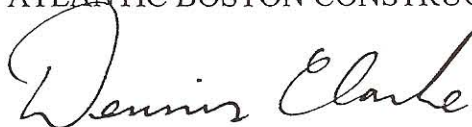

As a long-term member of Woburn's business community, Atlantic Boston Construction strongly endorses the installation of sound barriers along the sections of Route 128 in Woburn most closely abutting residential neighborhoods. Placing the city of Woburn's request to the top of the list for funding would seem a warranted and reasonable accommodation, given that this community hosts one of the very busiest segments of this major highway.

We support the efforts of Woburn's local and state officials and its numerous citizens who have joined in requesting this assistance. This is an extremely important quality-of-life issue for our community.

We would greatly appreciate your endorsement of this project by its inclusion in the next round of funding.

Sincerely,

ATLANTIC BOSTON CONSTRUCTION, INC.

Dennis A. Clarke  
President
