

# SICK AND TIRED OF HIGHWAY NOISE?

- Noise from vehicles traveling on Routes 128 and 93 has gotten worse and is eroding our Quality of Life!
- Highway noise prevents a good night's sleep. Shrieking tires, engines and brakes make it virtually impossible to enjoy the "peace and comfort" in our homes and yards.
- To add insult to injury, vehicles can lose control and fly off the highway; land in a neighbor's yard; destroy property; and threaten the safety of residents and their families.
- Trash from the constant motion of vehicles and "litter bugs" who toss items carelessly out their windows, constantly accumulates in our yards and unexpected knocks on our doors in the middle of the night occur when there is a breakdown close by.

This has been a serious safety issue for too long!!

## We want Sound Barriers NOW!

We need you to attend a CITIZENS' PUBLIC MEETING so that together, we can speak out for sound barriers as a strong united voice! State Senator Robert Havern and Representatives Charles Murphy, Jay Kaufman and Patrick Natale will join our local officials at this event, in order to hear people's concerns, comments and ideas. Our state legislators are also working on securing state funding for Sound Barriers for our impacted neighborhoods! They will inform us about the steps required to get state funding and what our role will be to assist them to lobby for us.

Please help us send a strong message to Beacon Hill, urging them to give us Sound Barriers Now!

Join us for the CITIZENS' PUBLIC MEETING!

Wednesday, March 14, 2007 at 7:00 PM

Woburn Senior Center - 144 School Street - Handicap Accessible

Directions: Take exit 35 off Rte. 128 to Main St. (Rte. 38 North), right on Alfred St. which becomes Forest Park Rd., then left on School St.
